

# SL97

Decorative, stainless steel, watertight wall light for open decks

The **SL97** from LightPartner is a decorative, watertight LED wall light designed for open-deck use, blending maritime-grade resilience with refined style. Encased in powder-coated stainless steel and featuring an opal polycarbonate cover, it delivers up to 450 lm in the Fullmoon version (or 300 lm in Halfmoon) at just 6 W, while maintaining IP67 protection and compliance with maritime classification standards. Available with either Fullmoon or Halfmoon cover options, the SL97 offers both visual variety and dependable performance for marine environments.
