

# DL67

Watertight downlight, adjustable, for MR16 LED lamps. Applicable for outdoor areas

The **DL67** is a compact and durable downlight designed for outdoor and wet-area use on ships. Its black powder-coated stainless-steel housing, clear glass cover, and glossy decorative ring create a sleek, maritime-ready fixture. Fully adjustable and rated IP65, it accepts standard GU5.3 MR16 LED lamps (not included), delivering focused illumination exactly where needed. Easy to install using just three fixing holes and a brass cable gland, the DL67 ensures practical, reliable lighting in any weather condition.
