KJ56

Berth light with switch, slim design, ideal for pullman berths

The **KJ56** from LightPartner is a sleek berth light that combines minimalist design with user-friendly functionality. Its slim galvanized steel housing—powder-coated in white—integrates neatly into cabin interiors, while the opal polycarbonate diffuser ensures comfortable, glare-free illumination. Equipped with a convenient on/off switch and designed according to maritime classification standards, the KJ56 offers both elegance and reliability. With compatibility for both standard and 120 V AC versions, as well as customizable color temperatures, it adapts effortlessly to various onboard lighting needs.

Technical Details

Possible combinations of features and other options available on request. Please contact us for more information.

Luminaire Type	Wall Luminaire		**Cover / Diffusor**	Opal polycarbonate
Input Voltage	110 - 240 VAC		**Material of Housing**	Galvanized Steel
Area	Indoor		**Color of Housing / Ring**	RAL / NCS colors
Application	Cruise / Offshore / Naval / Commercial		**Type of Light Source**	LED
Frequency	50-60 Hz		**Light Source Included**	Yes
Wattage	1x 3 W		**Cable Entry**	Hole 20 mm
Lumen Output	220 lm		**Type of Connection**	Terminal 3-pole, 2.5mm²
Color Temperature	3000 K / 4000 K / 5700 K / 6500 K / Red / Green / Blue		**Mounting Type**	Mounting holes
CRI Color Rendering Index	80 / 90		**IP Class**	IP30
Control Mode	Switchable / Integrated on-off switch		**Ambient Temperature in °C**	-25 ... +45
			Features	Shock proof / EMI proof
