

DL50

According to rules of maritime classification societies and relevant standards

The **DL50** from LightPartner is a compact surface-mounted spotlight designed for interior use aboard marine vessels. Crafted from durable aluminum with discreet fixing holes, it blends seamlessly into ceilings or walls. You supply a GU10 LED lamp of your choice (max. 35 W, 230 V AC), giving you control over brightness and beam angle. Compliant with maritime classification standards and protected at IP20, the DL50 offers a stylish, flexible solution for accent lighting in cabins, salons, or corridors.
