

WL282

Wall light with switch for cabins and accommodation areas

The **WL282** from LightPartner is an elegantly designed wall light perfect for cabins and accommodation areas. Crafted with a light-gray, powder-coated aluminum housing and set behind an opal polycarbonate diffuser, it delivers soft, inviting illumination while blending seamlessly into interior spaces. A built-in switch ensures easy operation and the USB port adds practical convenience for charging devices. Made to maritime classification standards and optimized for cabin use, the WL282 brings both style and utility to onboard environments.
