

DL90 AL

Adjustable LED downlight, recessed mounting, indoor use

The **DL90AL** combines a compact design with powerful integrated LED technology. Its elegant metal housing with decorative ring – available in finishes such as white, chrome, brushed steel, champagne, or black – ensures seamless integration into modern maritime interiors. The adjustable light head allows precise orientation, providing targeted illumination in cabins, corridors, or lounge areas. With its efficient built-in LED module, durable construction, and simple spring-clip installation for ceilings up to 20 mm, the DL90AL offers a long-lasting and maintenance-friendly solution for sophisticated on-board lighting concepts.

Technical Details

Possible combinations of features and other options available on request. Please contact us for more information.

Luminaire Type	Downlight
Input Voltage	110 - 240 VAC / 24 VDC (LED driver not included)
Area	Indoor
Application	Cruise / Offshore / Naval / Commercial
Frequency	50-60 Hz / 0 Hz
Wattage	1x 8 W
Lumen Output	670 lm
Color Temperature	2700 K
CRI Color Rendering Index	90
Beam Angle	35°
Beam Direction	Tiltable +/- 30°

Control Mode	Switchable / Dimmable
Cover / Diffusor	Glass clear
Material of Housing	Aluminium
Color of Housing / Ring	White / Chrome / Gold / Black / Steel brushed
Type of Light Source	LED
Light Source Included	Yes
External Wiring	Cable 150 mm
Type of Connection	Plug 2-pole
Mounting Type	Springs
IP Class	IP24
Ambient Temperature in °C	-20 ... +40
Features	68 mm
