

DA Flex S

Ceiling LED luminaire, surface mounting for passage ways, cabins, lounges, accommodation areas

The **DA Flex S** from LightPartner is a contemporary surface-mounted ceiling luminaire designed for cabins, passageways, and accommodation areas, where space and style matter. Its sleek, compact housing in powder-coated galvanized steel delivers clean, efficient lighting while conforming to maritime classification standards. Installation is a breeze thanks to the tool-free light cover and with secure surface mounting that saves time and effort. With a versatile suite of options—including motion sensing, dimming, multiple voltage versions and various color temperatures—the DA Flex S offers tailored performance for modern marine interiors.
