

Montreal 9

Decorative lighting series for living rooms, table light small

The **Montreal9** from LightPartner is a **small** sophisticated table-mounted LED **lamp** designed to enhance cabins, lounges, and working areas aboard vessels. Its graceful curved stem and sturdy base—available in matte nickel or polished brass—support a fabric-style lampshade that bathes the space in a soft, warm glow. Crafted to meet maritime classification standards, the Montreal9 features an E27 lamp socket (lamp not included) and can operate on both AC and DC power systems. With a clean single-cable connection and lightweight construction, it brings refined lighting and functional elegance to onboard interiors.

Technical Details
