

# DL70

## Flat LED furniture light

The **DL70** from LightPartner is an ultra-compact LED luminaire crafted for recessed installation in furniture or ceiling boards within cabins and accommodation areas. Its slim, plastic body with a discreet white or chrome decorative ring and satin cover blends seamlessly into narrow mounting spaces. Rated IP44 (in conjunction with ceiling), it delivers soft, warm illumination with high color fidelity while drawing minimal power. Easy to install using spring clips and a mini plug connector, the DL70 meets maritime classification standards and offers flexibility in connector types for versatile applications.

## Technical Details

Possible combinations of features and other options available on request. Please contact us for more information.
