

# DL Vario S

Adjustable LED Downlight with magnetic cover ring, applicable for public areas

The **DL Vario S** from LightPartner is an adjustable LED downlight engineered for public and hospitality spaces on board. Its slim polycarbonate fixture features a magnetic decorative ring (available in different colors) and is fully rotatable—tilt up to  $\pm 25^\circ$  and turn  $350^\circ$ —with position locking for precise lighting direction. Built-in Dim-to-Warm technology seamlessly transitions from crisp daylight to warmer tones when dimmed, creating atmospheric ambiance. Designed to classification standards, the DL Vario S delivers refined illumination, effortless adjustability, and flexible aesthetic integration across various interior styles.

## Technical Details

Possible combinations of features and other options available on request. Please contact us for more information.

Luminaire Type	Downlight
Input Voltage	110 - 240 VAC
Area	Indoor
Application	Cruise / Offshore / Naval / Commercial
Frequency	50-60 Hz
Wattage	1x 12 W
Lumen Output	650 lm
Color Temperature	3000–2000 K (DimToWarm)
CRI / Color Rendering Index	80 / 90
Beam Angle	25° / 40° / 60°
Beam Direction	Switchable / Dimmable

Cover / Diffusor	Glass clear
Material of Housing	Polycarbonate
Color of Housing / Ring	RAL / NCS colors / Chrome
Type of Light Source	LED
Light Source Included	Yes
External Wiring	Cable 300 mm
Type of Connection	Plug 5-pole
Mounting Type	Bracket
IP Class	IP20
Ambient Temperature in °C	-20 ... +45
Cut Out in mm	74 mm
Features	Recessed or Flush type
