

SP66 L

Mirror luminaire, LED, for cabins, bathrooms, lavatories and accommodation areas

The **SP66L** from LightPartner is a mirror luminaire tailored for cabins, bathrooms, lavatories, and accommodation areas, combining maritime-grade reliability with sleek design. Its galvanized steel housing finished with a robust powder coating, complemented by white polycarbonate end caps and an opal structured diffuser, delivers clean and dependable lighting aligned with classification standards. Designed for practicality, it offers flexible installation with dual cable inlets and optional switch or socket configurations. Built with robust protection (IP44) and energy-efficient LED technology, the SP66L brings refined illumination and convenience to demanding shipboard environments.
