

# WL100 Q

Adjustable LED reading light with switch for cabins and accommodation areas

The **WL100Q** from LightPartner is a sleek and functional wall-mounted LED reading light, ideal for cabins and accommodation areas. Featuring a brushed stainless-steel housing and a smooth swivel arm with up to 350° rotation, it offers precisely directed illumination with ease. Its integrated USB charging port adds practical convenience, while the built-in on/off switch delivers straightforward control. Designed to maritime classification standards and offering customizable finishes and color temperatures, the WL100Q blends elegance, versatility, and intelligent functionality.
